Dan,

I just need any e mails about this that I am sure I sent early last year. Especially if Biola was on any of them.

Thanks for the help,

[REDACTED],

I am forwarding your email to the Permitting group. The emails I have from you only involve my attempts to coordinate collecting a sample.

Will,

I know that I communicated with you or your department with respect to our plant shut down status. I also communicate this to our permit manager last winter, Biola Cruz. I do not have access to those e mails as our server has been shut down.

Can you see if you have any of my e mails about this subject from early last year or maybe even last Dec and forward to me. I have a new permit manager and she is not in the loop on what has been happening this year.

Thanks,

[REDACTED]

Hi [REDACTED]

We last spoke on April 11 regarding the City obtaining a sampling of your next discharge. Can you please provide an update on when you may be discharging? Thanks.

Will
